

TAPE NO. 5931

[Double faced sealant tape]

TAPE NO. 5931 is a kind of double face tape that has weather resistance and waterproofs strong adhesive with polyethylene net carrier. It has an ideal property for temporary fixing, joint sealing of building materials, and fixing of flooring materials for out door use.

《Feature》

(1) Superior weather resistance

The adhesive will not be affected in a wide range of weather condition by special kind of butyl rubber adhesive.

(2) Superior waterproofing

This tape is suitable to apply that place where watery place and outdoor use.

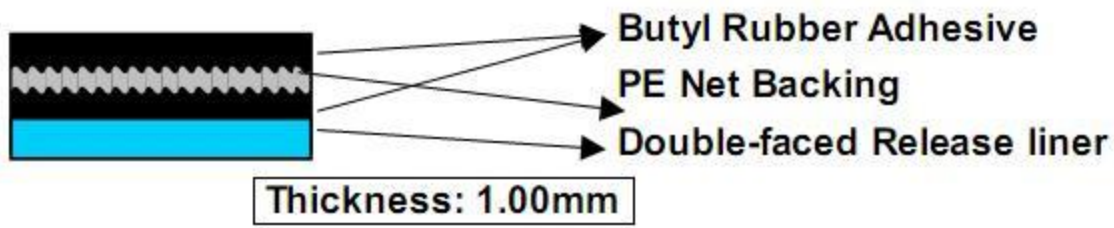

(3) Superior adhesion

Since NO. 5931 has thick adhesive layer, it conforms rough surface as joint part of building material where a long term waterproof is required. Moreover, it adheres on that rubber, foam, and polyethylene made materials that are not easy to stick by general adhesive tapes.

(4) Safety operation

A fire or poison is avoidable in badly ventilated place at application because NO. 5931 does not contain any organic solvent.
